

DUBBO

HOSPITAL REDEVELOPMENT AND WESTER CANCER CENTRE

Project In Picture—December 2021

WHAT A YEAR!

A huge thank you to staff and the community for your support and patience as we finished construction on the new three-storey Macquarie Building and Western Cancer Centre. The new buildings and services are state-of-the-art and have been designed to meet the needs of the community for decades to come.

Meanwhile, construction is well underway on the new multi-storey car park on the western side of the campus. The car park will be prioritised for staff to free up parking for patients and visitors on the eastern side of the hospital campus - near the hospital's main entry. Construction is scheduled for completion next year.

The project team would like to wish everyone a happy and safe holiday season.
