NSW Premier, Gladys Berejiklian and Member for Dubbo, Troy Grant visited Dubbo Hospital with LHD Chief Executive, Scott McLachlan on Friday 2 June to announce $10 million for the Integrated Cancer Cancer in addition to the $25 million committed by Federal Government. The $35 million Integrated Cancer Centre will include a PET CT Scanner for cancer diagnostics, a bunker for radiation therapy (as well as master planning for a second bunker for future requirements) and 16 chemotherapy spaces. A lead design team has been appointed and planning will continue throughout 2017.

Ms Berejiklian and Mr Grant also toured the new clinical services building that was officially opened in January 2016.

Ms Berejiklian and Mr Grant met a baby in the new special care nursery while touring the new clinical services building.

The NSW Government has committed $150 million to deliver Stages 3 and 4 of the Dubbo Hospital Redevelopment which includes a new Inpatient Unit, Emergency Department, Imaging Unit, Critical Care floor, Renal Unit (originally part of Stages 1 and 2 works) and Ambulatory Care Unit as well as new Ambulance bay, main entry and drop off zone.

MAKING IT HAPPEN

June 2017

A concrete slab has been poured for the new Playmates Cottage site which is close to the hospital. The child care facility will be relocated as part of the master plan for Dubbo Hospital's major upgrade and expansion.

Construction on the new floor of the clinical service building is making good progress with the installation of the steel roof frame for the hospital's new In-patient Unit.

A construction crane has been busy moving the assembled steel frames onsite. In appreciation of all the crane's hard work, primary school children in and around Dubbo have been busy thinking up names for the crane. A winner will be announced shortly.
